

RIVERSIDE STRIKE TO BE SETTLED.

A Conference Between Representatives of the Company and of the Employees

WAS HELD LAST EVENING.

The Old Men Will Be Back in Their Old Positions Within a Few Days.

At an early hour this morning the Intelligence was informed by a gentleman who is in a position to know whereof he speaks, that negotiations just held between representatives of the Riverside iron works and of the plate mill employees had reached a satisfactory conclusion. The agreement is to the effect that the old men, who have been out on strike, return to their places. The details of the agreement, which was to be submitted to the men early this morning, could not be learned, but it is believed that the men will ratify the action of their committee.

The news that the differences between the Riverside management and their employees have been or are about to be adjusted to the satisfaction of both parties will be received with the greatest satisfaction in this city, for it means that the tremendous additions and improvements at the Riverside, involving an expenditure ultimately of \$1,000,000 or more, and the employment of 2,000 or more men, will be pushed on to completion. This work has been held up pending settlement of the trouble at the plate mill.

CONSIDERABLE BUSINESS

Transacted By the Board of County Commissioners Yesterday.

The board of county commissioners met in regular monthly session yesterday and transacted considerable business. Clerk Moffat read the minutes of the previous meeting, and they were adopted.

The report of the poor house and farm committee showed that there were eighty-seven inmates at the county infirmary last month.

A communication was received from George S. Biggs, of Elm Grove, asking for a change in the school book board to conform to the law, which permits only five members to belong to one political party. The request was adopted.

Persons residing along the south bank of Caldwell's run petitioned the board to provide a road leading to their property. They wanted a bridge constructed. The matter was referred to the road and bridge committee.

Secretary Reich, of the Architectural Iron & Wire Company, asked the board to pay the bill of \$557 for repair work on the jail, and was not paid. He threatened to enter suit if the bill was not paid. This matter caused some discussion, during which several of the members stated the work was not authorized. The board finally decided to arbitrate the matter if the company acquiesced, the court house and jail committee to appoint the arbitrators.

Election changes were made by the board as follows:

Centre district—Precinct No. 1, Dr. W. H. Zimmer, instead of William McCormick; No. 6, Jacob Retzer, instead of H. G. Bachman.

Madison—No. 6, Uthman, in place of McCarthy; No. 3, John A. Lash, in place of Hugh Sterling.

Riethland district—No. 1, William Slinger, in place of Robert Costain.

BRIEF MENTIONINGS.

OHIO SIDE.

DEMOCRATS THREATEN

To Make Trouble To-Day at Bellaire, But They are Watched.

The election in Bellaire, while exciting very general interest, has not brought about an ugly mood except on the part of the hoodlum element of the Democratic party, who began threatening yesterday, with a view of intimidating a few timid Republicans. But this will not deter Republicans from doing their full duty and protecting the ballots after they are cast. They are thoroughly aroused to the effort to mislead or to overlook scratches and the first detection of any effort in this direction will be dealt with according to law, with promptness and dispatch. The Republicans are not only going to win, but they mean to see that there is a full vote and a fair count of all the votes cast. Everybody is in earnest, and prosperity abounds to such an extent that hundreds of Democrats who know a good thing when they see it will push along the good times policy with their ballots to-day. They will not be heard from until the ballots are counted to-night. But all of the river front and all of Belmont county will send cheerful greetings to their neighbors in the returns.

Election Returns.

The Globe hotel at Bellaire, will receive the Western Union telegraph and telephone returns to-night for everybody and there may be several private offices utilized by small parties in hearing the news.

Ohio Field Trials.

At the Ohio field trials at Senecaville last week, Uncle B. received the first prize, and Senator P. second. Fred Earle and Daughter Noble divided third prize. Fred Earle is owned by D. H. Darrah, of Bellaire, and was the capital prize winner at the Wheeling show during the fair, but this winning at the Ohio state field trials stamp him as of greater value than Mr. Darrah had counted him. Mr. Darrah also bred Daughter Noble, but sold her recently for a good round sum, but he still retains the noble Fred Earle, and is justly proud of the winning record he is making.

Will Remember Blackburn.

Bellaire voters to-day will remember their former townsman, Hon. J. E. Blackburn, who is on the state ticket for food and dairy commissioner, and give him a handsome boost here in his home town. They have watched him rising star with interest and always send him out with a handsome complimentary vote.

His Duty Plain.

There is not a business man or a workman in Bellaire who has not fared better during the last four years than he did in the four preceding years. His duty now is plain. Why disturb such conditions?

GILL AN ABLE MAN.

His Record in One Session of Congress Has Been Brilliant.

Hon. J. J. Gill is not only a thorough and capable business man, but is such an intelligent man of affairs as to stamp his personality upon any gathering. As a member of Congress for a single session he made greater progress than is often attained in that time by any new member of that distinguished body, as is attested by thousands of pensioners and others who claimed his attention. Though his election by several thousand is assured without dispute, it will be well for communities that will seek his favor in the distribution of the thousands of dollars to be spent by the government within the next year or two to pay him the compliment of hearty support now. No community will be more interested in these things than Bellaire and the river front towns of Belmont county. As a friend of labor he has been successful in the manufacturing business and is most cordially endorsed by the labor unions throughout this section where he is best known.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.
